

GRANTS & INCENTIVES SERVICES

FUNDING YOUR INNOVATION

The Grants & Incentives landscape for innovative companies in the US is extensive. There are funding opportunities available to companies of all sizes and across a plethora of industries. Given the vastness of the space, most technology-driven businesses are not aware of all the incentives they may be eligible for. Leyton's Grants & Incentives services demystify this landscape by helping businesses identify relevant funding opportunities, and assisting in applying for them.

LEYTON'S APPROACH TO INNOVATIVE GRANTS & INCENTIVES:

// PHASE 1: DEMYSTIFICATION

Our team of technical consultants will undertake a **Grants & Incentives Research Study** that outlines all relevant incentives that the business may be eligible for.

// PHASE 2: APPLICATION

Upon identification of a relevant Grant or Incentive, Leyton can assist with managing the application process, including drafting submissions, reviewing supporting documents, preparing project budgets, and liaising with funding agencies.
